

PROUD TO BE YOUR MANUFACTURER. YOUR PARTNER.

REASONS CUSTOMERS CHOOSE CURE MEDICAL

COMFORT

All catheters feature smooth, polished eyelets

SAFETY

Cure Medical catheters are not made with DEHP/DINP*, BPA, or NR- Latex

USER FRIENDLY

Easy open packaging and product features are intended to increase ease of use

VALUE

All Cure Medical products are 'reimbursement friendly'

RESEARCH

Cure Medical supports medical research

CURE MEDICAL INNOVATIONS

1 CURE DEXTRA® CLOSED SYSTEM

- Unique Support Band enables control
- A Gripper arrow enables the catheter to advance into the body
- Easy to use – even with limited hand dexterity

2 CURE TWIST® (singles & kits)

- Pre-lubricated for 'No Drip/No Mess' use
- Small, attractive, and discreet package
- Easy, twist open top
- Universal funnel end

3 CURE ULTRA® (ready-to-use)

- Pre-lubricated in 16" and 6" lengths
- Flexible package and kink resistant catheter enable easy portability
- Minimal material makes it 'Green Friendly'

4 PEDIATRIC OPTIONS (uncoated & hydrophilic)

- The Hydrophilic Cure Catheter® is easy to activate/lubricate in the package. No mess!
- Ask about backpacks with fun, 'How to Cath' teaching materials
